

Picnic table in recycled material h924_33

Recycled plastic table, robust and durable. Dimensions: 1400 x 700 x 750 mm. Weight: 50 kg.

The **picnic table for urban furniture** is an ecological and functional choice for outdoor areas such as parks, public gardens, schools and recreational spaces. Made of **100% recycled plastic**, this table is designed to offer resistance and durability over time, contributing to **environmental sustainability** and the reduction of plastic waste.

With a length of **1400 mm**, a width of **700 mm** and a height of **750 mm**, this table is spacious and suitable for hosting groups of people. The weight of **50 kg** guarantees stability and safety, preventing accidental movement. The structure is designed to withstand **bad weather**, including rain, sun, frost and humidity, without deteriorating or requiring specific treatments.

Unlike wood or metal tables, recycled plastic does not splinter, does not rust and requires minimal maintenance. Cleaning is simple and fast: a damp cloth and neutral soap are enough to keep the table always in excellent condition. This makes it ideal for frequent use in public and private environments, guaranteeing a practical and durable solution over time.

Thanks to its robust design and the choice of material, this table is perfect for those who want **functional, resistant and environmentally friendly** urban furniture.

Buy now the recycled plastic picnic table and choose sustainable and long-lasting urban furniture!

Technical features:

- **Material:** 100% recycled plastic
- **Dimensions:** 1400 x 700 x 750 mm
- **Weight:** 50 kg
- **Resistance:** Suitable for outdoor use, resistant to atmospheric agents

User benefits:

- **Ecological:** Made with recycled materials for a lower environmental impact
- **Resistant and durable:** Suitable for all climatic conditions
- **Easy to clean:** Minimal maintenance required
- **Stable and safe:** Robust structure for intensive use

FAQ:

1. Is the table suitable for outdoor use?

Yes, it is designed to withstand bad weather.

2. Does it require special maintenance?

No, just cleaning with water and neutral soap.

3. Is it an ecological product?

Yes, it is made of 100% recycled plastic, contributing to sustainability.

Short buying guide:

When choosing a **picnic table for urban furniture**, prefer resistant materials such as **recycled plastic**, which guarantees durability and low maintenance. Ensure that the dimensions are suitable for the available space and that the weight guarantees stability in public environments. This table is ideal for those looking for a **practical, sustainable and resistant** solution.
