

Picnic table with 2 benches, one with backrest h773_25

Picnic table set in pressure-treated pine, with 2 independent benches, one with backrest and one without. Table dimensions: W 200 x D 79 x H 80 cm.

The **H773_25 picnic table with benches for street furniture** is a solid, functional solution that integrates perfectly into public contexts such as **parks, green areas, campsites, schools, rest areas, and outdoor dining zones**. Designed to offer **durability over time and user comfort**, it consists of a **central table and two independent benches**, one **with a backrest** and one **without a backrest**, to meet various usage needs.

All elements of the set are constructed from **pressure-treated glulam and solid pine**, a material resistant to humidity, atmospheric agents, and wear over time. The bench with backrest has an **ergonomic shape** that guarantees a comfortable seat, while the second bench, without a backrest, is ideal for more dynamic use or for sitting from both sides.

The table has a large top (200 x 79 cm) that offers **enough space for several people**, facilitating sharing and conviviality in public environments. The **generous dimensions** and **robust structure** make this street furniture perfect for withstanding frequent use in high-traffic areas.

The choice of having benches separate from the table allows for greater **flexibility in layout** and **easier maintenance** or replacement of individual components.

Choose the quality and resistance of treated wood for your public spaces! Order the **H773_25 picnic table with benches** now or request a personalized quote for tailor-made street furniture.

Technical features:

- **Material:** pressure-treated glulam and solid pine
- **Table dimensions:** W 200 x D 79 x H 80 cm
- **Bench without backrest dimensions:** W 200 x D 39 x H 50 cm
- **Bench with backrest dimensions:** W 200 x D 54 x H 85 cm (seat height: 50 cm)

User benefits:

- **Structure:** solid and resistant to atmospheric agents.
- **Comfort:** optimal thanks to the bench with backrest.
- **Flexibility:** in the arrangement of the elements.
- **Ideal:** for high-traffic public spaces.
- **Easy:** maintenance and cleaning.

FAQ:

1. **Are the table and benches connected to each other?**
No, they are separate elements, which allow for greater flexibility of use.
2. **What material is used?**
The set is made entirely of pressure-treated glulam and solid pine.
3. **Is the product suitable for outdoors all year round?**
Yes, the wood treatment makes it resistant to rain, sun, and humidity.

4. Is it available in other sizes or colors?

Upon request, it is possible to evaluate personalized variants for quantities.

5. Is ground anchoring needed?

The set can be used without anchoring, but in public contexts, ground fixing is recommended for greater safety.

Mini buying guide:

When choosing a **picnic table for public spaces**, it is essential to evaluate the **resistance of the material**, the **stability of the structure**, and the **comfort for the users**.

Models with **independent benches**, such as the H773_25, offer greater freedom in arrangement and facilitate maintenance.

The **pressure-treated pine** guarantees a long life outdoors, making it perfect for parks, rest areas, and schools.

Opting for a bench with a backrest offers additional comfort, while the one without allows for easier access from both sides.

Choose products **certified for outdoor use** and sized for public use to guarantee safety and durability over time.

Wooden picnic table for parks, street furniture table with separate benches, outdoor bench with backrest, outdoor table in pressure-treated pine, street furniture in treated wood, table and bench set for public areas, picnic table with independent seats, 200 cm outdoor table.
