

Picnic table with benches h465_31

Eco-friendly picnic table with integrated benches, brown recycled polymer slats and stainless steel hardware. Dimensions: L 180 x W 140 x H 75.5 cm.

The **h465_31 picnic table with benches** is an eco-sustainable urban furniture solution designed to withstand atmospheric agents without the need for constant maintenance. Characterized by a robust structure with brown **recycled polymer slats**, this set integrates two side benches and a large supporting surface into a single block. The material composition, derived from post-consumer sources in the industrial and agricultural sectors, solves the operational problem of the degradation typical of natural wood in outdoor environments, offering parks, rest areas and corporate targets a durable **eco-friendly** product. It is supplied **partially assembled** to facilitate final installation.

Technical features

- **Total dimensions:** 1800 x 1400 x 755 mm.
- **Slat material:** mixture of post-consumer recycled polymers (industrial and agricultural).
- **Color:** brown.
- **Composition:** single module with table and two integrated benches.
- **Hardware:** stainless steel.
- **Supply status:** semi-assembled.
- **Assembly requirements:** requires four M12 x 250 mm threaded rods (not supplied).
