## Pistol hair dryer for hotels h164\_70

Professional 1600W hair dryer for hotels in black and chrome. Ergonomic design with active safety trigger. Dimensions: W. 26 x D. 8 x H. 15.5 cm.

The **h164\_70 pistol hair dryer** is a hotel room accessory that combines a refined aesthetic, given by the **black and chrome** finish, with high operational safety standards. With a balanced power of **1600W**, this device solves the problem of excessive energy consumption without sacrificing rapid drying, thanks to the 5 possible combinations of speed and heat. The distinguishing element is the **active trigger**: an ecological and safe ignition system, preventing waste and potential risks of overheating in case of accidental abandonment. The ergonomic handle design and featherweight of only 0.5 kg make it extremely easy to handle for every type of guest.
