

Plastic service trolley h462_48

Professional recyclable polypropylene service trolley with 3 shelves, dimensions 97x51x99 cm. 135 kg load capacity for intensive HoReCa service.

The **h462_48** service trolley is a logistical solution designed to optimize service and clearing operations within hospitality facilities, hotels, and collective catering contexts. Thanks to its multi-level structure, it allows handling multiple loads in a single move, reducing operating times and improving the efficiency of dining room and kitchen staff. The choice of polypropylene guarantees a lightweight yet extremely solid structure, capable of withstanding the impacts and stresses typical of daily professional use.
