

Playground bench h794_15

Backless bench for outdoor playgrounds. Dimensions: L.163 x D.86 x h.55 cm. Material: steel and wood.

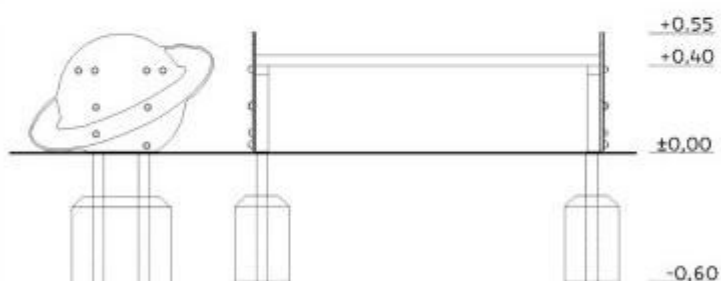

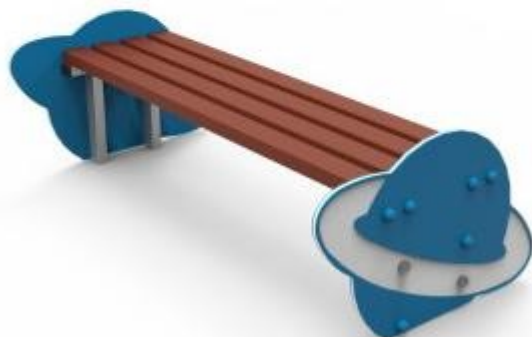

Bench for public spaces specifically designed to enrich playgrounds, gardens and picnic areas. It is characterized by its innovative design, as **cute HDPE silhouettes in the shape of planets** have been inserted on the sides of the structure to attract curiosity and make the environment colorful and appealing. The structure is backless and consists of **powder-coated galvanized steel bases** and a **waterproof plywood seat**. The bases are designed to be anchored to the ground by burial.

Technical features:

- Dimensions: L.163 x D.86 x h.55 cm
- Material: HDPE, powder-coated galvanized steel and plywood
- Weight: 40 kg
- Fixing: to be buried
- Backless
- With side silhouettes in the shape of planets
- Compliant with EN 1176-1: 2017
