

Plexiglass cone holder display case h412_37

Plexiglass cone holder display case with 12 holes, top lid and two bottom drawers. Dimensions: 33 x 24 x H 50 cm. Ideal for ice cream parlors.

The **plexiglass cone holder display case** is a complete display solution, designed to combine hygienic protection and practicality in the food & beverage sector. Made entirely of **clear plexiglass**, this display solves the problem of storing cones on the counter, protecting them from dust and external agents thanks to the top lid, while maintaining total visibility for the customer. The structure features an internal grid with 12 holes and **two pull-out drawers** at the base, offering optimal workspace management for ice cream parlors, pastry shops, and artisanal laboratories.
