

Plexiglass counter display for retailers h339_73

Transparent plexiglass counter lighter display, with 3 functional shelves and 3 mm thickness. Dimensions: W 45 x D 20 x H 36 cm.

The **h339_73 counter display for retailers** is a professional display stand in **transparent plexiglass**, designed specifically for the organization and sale of lighters in tobacco shops, bars, and specialized points of sale. This solution solves the problem of clutter on the sales counter, offering a crystal-clear structure that maximizes product visibility and encourages impulse buying. Thanks to its **3-shelf** configuration, it allows products to be divided by brand or price range in an orderly and rational way. The design is studied to be functional and non-bulky, ensuring **easy placement** near the cash register or in strategic areas of the premises, always maintaining a clean and professional aesthetic.
