

Plexiglass display case for licenses h33920

License holder with key lock. Made of transparent plexiglass. Internal measurements: W 23 x 7 x H31 cm

The license display stand is a necessary item for all commercial activities such as bars, B&B, hotels and restaurants, in order to store their documents or to display documents useful to customers.

The small box is characterized by a **front door with a key lock**, making it perfect for displaying items such as licenses for commercial activities, books etc.

The license holder is made of **transparent plexiglass**. The transparency of the material allows the contents of the displayed document to be seen.

The product is easy to clean and **impact resistant**.

Thickness 4 mm. Internal measurements: W 23x7xh31cm.

Technical features:

- License holder
- Material: transparent plexiglass
- Front door with key lock
- Internal measurements: 23x7x H31 cm
