

Polypropylene canteen tray pack of 20 pcs. h30315

Gastronorm tray in polypropylene for canteens and fast food. Stain and scratch resistant. Heat resistant. Trapezoidal shape available in multiple colors. Measurements: 530x325 mm. Pack of 20 pcs.

The tray represents an **essential supply** for serving food and drinks in contexts such as hospital canteens, fast food outlets, restaurants, self-service facilities, bistros, catering services, and snack bars.

The product comes in a **trapezoidal shape** with **reinforced rounded corners**.

The material used is **100% food-grade polypropylene**; this material is certified for food use and for contact with food.

Besides being safe for its users, the material used makes the tray **stain and scratch resistant**.

The trays are **stackable** with each other, allowing for the optimization of available space.

The product is easily washable and suitable for use in **professional dishwashers**.

Suitable for **resisting heat** and thermal shocks up to + 85°C.

The pack of trays is available in **different colors**.
