

Polypropylene school chair h46115

Blue polypropylene secondary school chair with metal structure $\varnothing$ 22 mm. Size 6, dimensions 43x43 cm. Lightweight and resistant.

Ergonomic chair designed specifically for **secondary school** furniture. The combination of the plastic shell and the steel frame ensures a durable solution, capable of responding to the typical stresses of a high-traffic educational environment. The structure is designed to offer correct postural support, balancing lightness for movement and constructive solidity.
