

## 2-seater bicycle rack to be bolted h10999

1-2 seater bike rack in galvanized and painted flat steel, to be bolted down. Available in different colors. Dimensions: mm 640x1000h. Made in Italy

The bike rack post is designed to allow the parking of 1 or 2 bicycles. The modern design combined with the possibility of choosing between different colors, make this bike rack suitable for any environment.

This bike rack is made of flat steel and consists of two practical shaped flat arches that allow the bicycle frame to be secured. The **ground fixing** is provided with a 200x150 mm base plate with holes for fixing by means of expansion bolts.

To guarantee better resistance to atmospheric agents this bike rack is made of **galvanized and painted steel** with thermosetting polyester powders.
