

Double-sided bike rack with floral decorations h19104

Double-sided bike rack in galvanized steel with wrought iron decorations. Available with 4, 6, 8 and 10 bike spaces. Min. dim. 830x520xh480 mm.

The **double-sided bike rack h19104** represents a functional and aesthetic solution for organizing bicycle parking areas in prestigious contexts. Designed to meet the needs of **municipalities, public administrations, and park managers**, this support solves the problem of messy bicycle parking by offering a solid and secure structure. The rack stands out for its design enriched with **floral wrought iron decorations**, which allow for perfect architectural integration in historic centers and green areas. Made of **galvanized and powder-coated steel** in a micaceous gray finish, the product guarantees high resistance to corrosion and atmospheric agents. The structure is composed of semi-circular wheel support brackets fixed to a square tube frame, with arched side supports designed for **ground fixing using anchor bolts**.
