

Portable air cooler for warehouses h932_14

Air cooler with evaporative panel on three sides. Air flow: 17000 m³/h. Dimensions: W. 87 x D. 44 x H. 210 cm.

The **portable cooler** is ideal for warehouses, industries, and sheds. The air cooler is equipped with a **125 lt water tank** and **float valve** for continuous water supply to the tank. The product features **three fan speeds**, **wheels** with brakes, **continuously oscillating fins**, and an **evaporative panel** on three sides.

Technical features:

- Dimensions: W. 87 x D. 44 x H. 210 cm
- Weight: approx. 40 kg
- Air flow: 17000 m³/h
- Sound level: 64 dBA
- Power supply: 220 - 240V 1Ph - 50Hz
- Wheels with brakes
- Tank capacity: 125 l
- Float valve for continuous water supply to the tank
- With 3 fan speeds
- Suitable for an area up to 250 m²
- With continuously oscillating fins
- Evaporative panel on three sides
