

Portable aluminum medical couch fixed height h904_38

Portable examination couch h904_38 in aluminum with fixed height (182x62x75 cm). Lightweight, with 135 kg capacity and professional faux leather upholstery.

The **h904_38 couch** is a professional solution developed for medical offices, physiotherapy centers and healthcare settings that require extremely reliable mobile support. The **fixed-height aluminum structure** has been designed to combine the stability necessary during clinical procedures with maximum ease of movement, meeting the needs of those who require a lightweight and readily transportable couch.

Patient comfort is guaranteed by a **3 cm foam padding**, while the faux leather upholstery ensures the maintenance of high hygiene standards thanks to the ease of cleaning. The availability in different color variants allows for harmonious integration into any professional environment.
