

## Portable electric washbasin with double button h509\_113

Portable stainless steel electric washbasin with hot and cold water buttons. Dimensions: W. 450 x D. 450 x h. 850 mm.

**Self-contained automatic electric washbasin with double button**, hot water and cold water, entirely made of **stainless steel**. Equipped with a **self-contained system** that does not require the installation of water inlets or drains. The peculiarity of this washbasin lies in the fact that it is **portable**, equipped with a rear handle and base wheels that facilitate the transport of the structure. The washbasin has **rounded and anti-spill edges**, with a **structure closed on three sides, front door and integrated waste bin**, which can be opened via a convenient **tilting door**. Equipped with **2 buttons, one for hot water and one for cold water**. The sink, through an **electric pump and an integrated heater**, pumps the chosen water or a mixture of the two that will flow out of the sink. This washbasin is ideal for areas where there is no drainage, such as fairs, exhibitions, outdoor events. CE certified product.
