

Portable ironing board h164_84

Mat for vertical steam ironing. Thermal protection for doors and walls, portable and space-saving design. Dimensions W 42 x D 6 x H 99.5 cm.

The **portable steam ironing mat** is the innovative solution designed for accommodation facilities wishing to offer a safe and efficient vertical ironing service without the bulk of a traditional board. Thanks to its **lightweight and compact** structure, this accessory allows you to iron hanging garments directly on doors or walls, acting as a protective barrier against heat and moisture. The design is studied to solve the problem of limited space in **hotels, B&Bs and holiday homes**, ensuring quick maintenance of the guests' wardrobes.

Made with **highly heat-resistant** materials, the mat ensures total protection of the room's delicate surfaces, such as door wood or wall finishes. Once use is finished, its flexible nature and small dimensions allow it to be stored in a drawer or closet with minimal space. It is the ideal accessory to accompany the use of **portable garment steamers**, offering a semi-rigid support surface that optimizes the removal of creases from fabrics.

Technical features

- **Function:** Thermal protection for vertical steam ironing
