

Portable wooden examination couch adjustable height h904_36

Professional portable couch in natural wood, h. 59-87 cm, 6 cm padding and integrated headrest. Ideal for physiotherapy and medical offices.

The **h904_36 couch** is a professional solution designed to ensure high standards of **comfort and practicality** in contexts such as medical offices, physiotherapy centers and wellness environments. The **natural wood structure** has been engineered to offer an optimal combination of **mechanical resistance and lightness**, facilitating movement operations without compromising stability during treatment. The **integrated headrest** ensures superior ergonomic support, adapting to the different postural needs of patients.

Operational versatility is guaranteed by the possibility of **manual height adjustment**, with a range from 59 to 87 cm, allowing the professional to set the most ergonomic working position. The **6 cm high-density foam padding** offers comfortable and stable support, while the **leatherette upholstery**, available in different colors, is designed to resist wear and simplify daily sanitization procedures.
