

Portable wooden massage table height adjustable h904_33

Portable treatment table h904_33 in natural wood and 6cm foam. Adjustable height 59-87cm, capacity 135kg. Versatile solution for physiotherapy and wellness.

The **h904_33 massage table** is a professional workstation designed to meet the needs of **medical practices, physiotherapists, and wellness sector operators**. The structure, made of **natural wood**, guarantees high mechanical stability combined with a warm and welcoming aesthetic, ideal for therapeutic and professional contexts. Thanks to its **portable** nature, the h904_33 model allows for flexible workspaces to be set up or equipment to be transported with extreme ease.

Ergonomics is guaranteed by a **manual height adjustment** system, which allows the surface to be varied from 59 to 87 cm, ensuring the operator a correct posture during every type of treatment. Patient comfort is provided by **6 cm high-density foam** padding, covered in **high-quality eco-leather**. This material not only resists prolonged wear but also facilitates sanitization operations, a fundamental parameter in the healthcare field.
