

Cylindrical stainless steel umbrella stand h20_205

Cylindrical umbrella stand in bright AISI 430 stainless steel, h 600 mm. Includes internal tray and rubber base; can also be used as a wastepaper bin.

This **professional umbrella stand** represents a functional and refined furnishing solution, designed to integrate into environments that require high aesthetic standards and durability. Made of **AISI 430 stainless steel** with a bright finish, the container is equipped with an **internal plastic tray** for water collection, facilitating emptying and cleaning operations. The structure is completed by a non-slip **rubber base** that protects delicate floors and guarantees stability. Its versatility also allows it to be used as a wastepaper bin, optimizing the management of operational spaces.
