

Practical locker for nursery school h908_103

Three-door locker cabinet for nursery schools, structure with shoe compartment, hangers included and beech wood feet. Dimensions 100x45x100 cm.

The **three-door locker cabinet model h908_103** is a professional furniture solution designed to optimize organization and safety within nursery schools. The structure is designed to withstand intense use cycles, offering each child a defined and protected personal space. Thanks to the configuration with **three individual compartments**, the unit promotes an orderly management of clothing and personal accessories, facilitating the work of educational staff.

Each compartment is internally equipped with **colored plastic hangers** for the correct storage of jackets and backpacks. A distinctive element is the **integrated shoe compartment** at the base of each compartment, which allows for the separation of footwear from clothes, ensuring greater hygiene and cleanliness of the environments. The elevation from the ground via **beech wood feet** not only provides structural stability but also protects the furniture from floor moisture and facilitates room sanitization operations.

Technical features

- **Structure:** Three independent doors for separate storage.
- **Accessories included:** Colored plastic hangers for each individual compartment.
- **Internal organization:** Dedicated shoe compartment at the base of each module.
- **Support system:** Solid beech wood feet for stability and protection from moisture.
- **Overall dimensions:** W 100 x D 45 x H 100 cm.
- **Design:** Accessible and child-friendly to promote autonomy.
