

Preschool bench without backrest h681_23

h681_23 bench without backrest in solid FSC beech wood, seat in birch plywood covered in fire-retardant HPL laminate. Dimensions: W 120 x D 30 x H 21 cm.

The **h681_23 preschool bench**, designed without a backrest, is ideal for educational spaces and play areas, offering a wide **safe and resistant seat** for little ones. The **4-leg structure** is made of **FSC-certified solid beech wood**, ensuring an eco-sustainable approach, turned with a 60 mm diameter circular section, naturally polished with non-toxic water-based transparent varnishes.

The peculiarity of the design lies in the **leg anchoring system** to the top, achieved through a **plug-in system with a threaded pin**. This pin is screwed onto a **recessed bush** in a **patented tear-proof plate** made of plastic material, guaranteeing **greater stability and durability** of the bench over time. This system excludes frames under the top, safeguarding **correct anthropometric spaces** and ensuring that children can sit comfortably and safely.

The **seat** is made of **birch plywood** (class E1 for low formaldehyde emissions), with a thickness of 21 mm. Both surfaces of the seat are covered in **9/10 fire-retardant HPL plastic laminate** (fire reaction class 1), with a **matte and scratch-resistant finish, magnolia color**. The edges of the seat are **rounded**, in compliance with current regulations, and **naturally polished**, finished with **non-toxic varnishes**, to ensure maximum safety for children during use.

At the base of the legs, **adjustable noise-reducing tips** are installed, made of **sturdy plastic material**, to prevent noise and protect the floor from any scratches or marks.

The **h681_23 bench** is designed to withstand daily use in schools, maintaining a high standard of safety and comfort for children. It is an ideal choice for **preschools**, which require practical, safe, and durable furniture.

Make your classroom more functional and safe with the **h681_23 preschool bench**. Perfect for daily use in school environments. **Order now** for a resistant, safe, and easy-to-maintain product!

Technical features:

- **Dimensions:** W 120 x D 30 x H 21 cm
- **Structure:** solid FSC beech wood turned with a circular section (60 mm diameter)
- **4 legs**
- **Structure finish:** non-toxic water-based transparent varnishes
- **Leg anchoring system to the top:** plug-in with threaded pin and plastic tear-proof plate
- **Seat:** birch plywood panels in formaldehyde emission class E1 (thickness 21 mm), covered in HPL plastic laminate (thickness 9/10 mm), fire-retardant class 1, matte and scratch-resistant finish
- **Seat color:** magnolia
- **Edges:** rounded and naturally polished with non-toxic transparent varnishes
- **Base tips:** adjustable, noise-reducing, made of sturdy plastic

User benefits:

- **Guaranteed safety:** rounded edges and non-toxic varnishes comply with all safety regulations.
- **Durability:** robust construction in solid wood and plywood, with a tear-proof fixing system for long life.
- **Comfort and stability:** adjustable noise-reducing tips and a system without frames guarantee a comfortable and silent seat.
- **Ease of maintenance:** scratch-resistant and fire-resistant surface, easy to clean.

FAQ:

- 1. Is this bench suitable for daily use in preschools?**
Yes, the bench is specifically designed for intensive use in preschools, with resistant materials and safe finishes for children.
- 2. Is the bench resistant to daily wear and tear?**
Yes, the bench is designed to withstand daily use in school environments. The solid wood structure and the seat covered in scratch-resistant HPL laminate guarantee durability and ease of maintenance.

3. **Are the materials used eco-friendly?**

Yes, the structure is made of **FSC-certified** beech wood, from sustainably managed forests.

4. **Is it possible to adjust the height of the bench?**

No, the height of the bench is fixed, but the tips at the base of the legs offer a slight adjustment to ensure stability even on irregular surfaces.

5. **How can I clean the surface of the bench?**

The seat covered in HPL plastic laminate is **scratch-resistant** and can be easily cleaned with a damp cloth and neutral detergents.

Mini buying guide:

The **h681_23 preschool bench** is the perfect solution for creating safe and comfortable spaces in schools. With a sturdy structure in **solid beech wood** and a seat in **birch plywood**, this bench offers durability and safety, complying with all current regulations. The scratch-resistant and fire-retardant seat surface makes it ideal for daily use, while the design without a backrest allows for comfortable and accessible seating for little ones. Perfect for preschools and play areas, it guarantees a safe and welcoming environment for children.
