

Preschool cabinet h364_41

Organizer cabinet for preschools in FSC melamine wood, 105x40x114 cm, with 9 colored CAM bins and 3 open compartments. Storage unit specifically designed for the furnishing of educational spaces, nurseries, and preschools. The structure is made of **ecological melamine-faced chipboard**, a material that guarantees stability and resistance to intensive use. The product meets rigorous safety standards, being **FSC** certified for forest sustainability and classified as **fire-retardant class 1** for reaction to fire, a fundamental requirement for public and school premises.

The internal organization is designed to maximize versatility: the cabinet includes **9 CAM bins** in colored polypropylene, divided into 3 high elements and 6 low elements, ideal for cataloging small objects or educational materials. The presence of **3 additional open compartments** allows for the storage of larger books or volumes in an easily accessible way.
