

Preschool cabinet h979_28

Melamine storage cabinet for early childhood, 90x40x112 cm. Safe with anti-trapping hinges, colored doors and oasis oak structure.

The **h979_28 storage cabinet** is a professional furnishing solution designed specifically for early childhood environments. Its height of 112 cm is calibrated to ensure maximum **accessibility for children**, encouraging the development of autonomy in managing educational materials and personal items in contexts such as nurseries, kindergartens and playrooms.

The robust **19 mm melamine** structure is finished with 1 mm ABS edges, eliminating dangerous sharp corners. A distinctive element is represented by the **special anti-trapping hinges**, equipped with a protection cup to prevent accidental injuries during the opening and closing of the doors. Aesthetic versatility is guaranteed by the possibility of choosing between 8 different colors for the fronts, allowing perfect chromatic integration with the pedagogical project of the facility.
