

Preschool cabinet with shelves h979_37

Preschool cabinet h979_37 in 19 mm thick melamine with 3 pull-out shelves. Equipped with PVC feet adjustable from the inside. Dimensions: W 90 x D 40 x H 77 cm.

The **preschool cabinet with shelves h979_37** is a medium-height storage module developed and optimized for early childhood educational spaces, specifically designed for **school managers, school employers, interior designers, educators, and school safety managers**. This complement meets the organizational need to set up safe, stable, and spacious storage areas, solving the operational problem of **organizing, cataloging, and storing educational materials and play aids, ensuring ergonomic and fluid access thanks to 3 pull-out shelves with Ø20 mm bushing support and a runner system with a lock against involuntary extraction**. The load-bearing shell is entirely made of 19 mm thick high-density melamine (630 kg/m³), combined with an 8 mm back panel firmly recessed into a groove and 1 mm ABS perimeter protective edging. Supplied fully assembled from the factory to eliminate classroom downtime, the cabinet integrates feet adjustable from the inside and black runners pre-installed in the structure, with the possibility of expanding the internal organization by adding optional extra drawers.

Technical features

- **Product type:** preschool storage cabinet with pull-out shelves
- **Code reference:** h979_37
- **Overall width:** 900 mm
- **Overall depth:** 400 mm
- **Overall height:** 770 mm
- **Specific compartment width:** 520 mm
- **Useful compartment/shelf height:** 160 mm
- **Main shell material:** 19 mm thick melamine panel (wood particles formed by three layers, agglomerated with synthetic resins by flat pressing at high temperature and sanding)
- **Melamine panel density:** 630 kg/m³
- **Surface finish:** protective coating with melamine-impregnated decorative paper
- **Back panel specifications:** 8 mm thickness, recessed internally in a groove
- **Perimeter finish edging:** 1 mm thick ABS edges
- **Mechanics and number of shelves:** 3 pull-out shelves equipped with Ø20 mm diameter bushing support
- **Leveling hardware at the base:** 30 mm high PVC feet, adjustable from the inside of the cabinet
- **Sliding systems and mechanics:** runners made of polypropylene, pre-installed in the cabinet, black in color, provided with a lock against involuntary drawer exit
- **Delivery configuration:** supplied assembled and ready for use
- **Quality certificates and line controls:**
 - Initial inspection of our production and control system
 - Initial product type test
 - Surveillance, supervision, and evaluation of the quality system
 - Tests on the raw materials of our suppliers
