

Preschool coat rack with hooks h979_38

Wall-mounted coat rack for preschool h979_38 in 19 mm thick melamine, Oasis Oak finish. Equipped with 2 open compartments and 2 triple rotating hooks in Blue RAL 5002 with safety release. Dimensions: 40 x 25 x H 22 cm.

The **preschool coat rack with hooks h979_38** is a compact and multifunctional wall-mounted furniture piece, specifically developed for **school managers, educational institution employers, interior designers, educators, and workplace safety managers in the school environment**. This element responds to the need for optimizing the layout of changing rooms and classrooms with space-saving modules, solving the operational problem of **organizing children's clothing and small personal items neatly, while simultaneously eliminating the risk of injury thanks to hooks equipped with a life-saving mechanical system that releases in case of excessive load or traction**. As shown in the image image_c58abd.png, the structure is configured as a small open locker divided into two compartments, made of 19 mm thick high-density melamine (630 kg/m³) in Oasis Oak finish with a silky matte texture. The lower part houses 2 triple rotating polyamide hooks in the contrasting color Blue RAL 5002. Delivered already fully assembled for immediate use, the coat rack is designed for solid wall anchoring via dedicated rear holes.

Technical features

- **Product type:** wall-mounted coat rack with open locker for preschool
- **Code reference:** h979_38
- **Overall width:** 40 cm (400 mm)
- **Overall depth:** 25 cm (250 mm)
- **Overall height:** 22 cm (220 mm)
- **Cabinet configuration:** locker divided into 2 open compartments for storing small items
- **Supporting structure material:** 19 mm thick melamine panel (wood particles formed by three layers, agglomerated with synthetic resins by flat pressing at high temperature and sanding)
- **Panel structural density:** 630 kg/m³
- **Aesthetic finish of the structure (Locker):** Oasis Oak color, silky texture with matte finish (Grade 4)
- **Back panel specifications:** 8 mm thickness, internally inserted into a groove
- **Perimeter protective edging:** 1 mm thick ABS edges
- **Hook configuration and material:** 2 triple rotating hooks made of polyamide (Blue RAL 5002)
- **Hook safety device:** mechanical system that releases the hook in case of excessive load or traction
- **Fixing hardware included:** 2 holes positioned on the back of the cabinet for wall fixing via plug + screw
- **Supply configuration:** supplied assembled and ready for wall installation
- **Quality certificates and corporate controls:**
 - Initial inspection of our production and control system
 - Initial product type test
 - Surveillance, supervision, and evaluation of the quality system
 - Tests on our suppliers' raw materials
 - ISO 9001, 14001, and 14006 certifications for corporate management
- **Mechanical and scratch resistance (UNE EN 14323):** scratch resistance ? 1.5 N; scratch defects ? 20 mm²/m²
- **Resistance to exhaustion and wear (UNE EN 14323):** ? Grade 3 (resistant material for continuous use)
- **Resistance to stains and chemical agents (UNE EN 14323):** ? Grade 3 (no visual defects); good resistance to acids, alkalis, and oils at room temperature (surface suitable for aggressive domestic cleaning products without solvents)
- **Coating specifications:** decorative paper coated with high-resistance 120 g melamine (standardized thickness), special for high-wear horizontal applications, with anti-fingerprint effect

- **Surface geometric tolerances (UNE EN 14323):** edge damage ? 10 mm/m; point defects ? 2 mm²/m²
- **Maintenance instructions:** washable surface; ordinary cleaning with pH-neutral products is recommended
