

Preschool desk h908_160

Half-round educational table for preschool, in Ø 40 mm steel and ivory top. Height 46 cm (Size 1), ideal for modular classrooms. The **H908_160 educational table** is a piece of furniture specifically designed for preschools, engineered to combine ergonomics and spatial versatility. Its **half-round** geometry allows for dynamic classroom management, enabling the aggregation of multiple modules to form circular islands or group workstations, facilitating interaction between children and the educator.

The load-bearing structure consists of a **40 mm diameter tubular steel frame**, powder-coated in aluminum color to ensure mechanical resistance and stability during daily activities. The ivory-finish worktop offers a neutral surface that minimizes light reflections, helping to maintain an orderly learning environment favorable to the concentration of young users.

Technical characteristics

- **Type:** aggregatable half-round school table
- **Intended use:** preschool (Size 1)
- **Dimensions:** L 130 x W 64 x H 46 cm
- **Structure:** Ø 40 mm tubular steel
