

Preschool school desk size 2 h172_255

Square preschool desk in metal and melamine, 80x80 cm, height 53 cm. Equipped with shockproof rubber edge and noise-reducing tips.

The **preschool desk H172_255** is a technical piece of furniture designed to meet the specific needs of early childhood educational environments, such as nurseries, spring sections, and playrooms. The design focuses on **postural ergonomics** and maximum passive safety, offering children a stable and protected work surface.

The load-bearing structure consists of **tubular metal legs Ø 40 mm**, treated with oven-baked polyacrylic painting to ensure high resistance to mechanical wear and chemical detergents. The perimeter reinforcement frame ensures the non-deformability of the top over time, even in contexts of intensive collective use. The work surface is finished with **shockproof rubber edging**, essential for preventing injuries during dynamic classroom activities.

Technical characteristics

- **Type:** Preschool school desk - Size 2
- **Geometry:** Square top 80 x 80 cm
- **Height:** 53 cm (compliant with standards for children aged 4 to 5 years)
- **Structure:** Tubular metal legs Ø 40 mm with 40 x 20 mm connection frame
- **Top material:** Melamine-faced board, thickness 18/20 mm
- **Protection:** Perimeter edge in soft shockproof rubber
- **Base:** Integrated noise-reducing and scratch-resistant tips
