

Presidential leather chair h163_56

Executive leather chair with a full steel structure. Available in various colors. Total height: 119 cm.

The presidential armchair with innovative shapes is the ideal product for furnishing offices and meeting rooms characterized by an elegant and refined style.

The seat features a structure entirely made of steel with seat and backrest in cold-molded polyurethane foam and upholstered in leather.

The armchair guarantees extreme comfort thanks to a **multi-block synchro mechanism** with an anti-shock system. A gas pump allows you to adjust the armchair's height.

The chair is available in various colors.

Technical features:
