

Primary and secondary school desk with undershelf h172_250

Two-seater school desk in steel and laminate (120x50x76 cm). Size 6 with sheet metal undershelf and footrest, ideal for intensive use.

The **two-seater school desk H172_250** is a technical furnishing solution developed to meet the needs of **primary and secondary schools**. Designed according to the **size 6** parameters provided by ergonomic regulations, the desk promotes a correct posture during lesson hours, reducing students' physical fatigue. The load-bearing structure is made of continuous wire-welded **steel tubular**, treated with oven-baked polyacrylic painting to ensure superior protection against corrosion and scratches in high-traffic contexts.

The worktop consists of a 20 mm wood conglomerate panel, finished with **scratch-resistant melamine laminate** in an ivory shade. Passive safety is guaranteed by the **perimeter ABS edging**, which prevents damage from accidental impacts and ensures greater longevity of the product. Individual space management is optimized by the press-curved sheet metal undershelf, ideal for the tidy storage of books and teaching materials.

Technical features
