

Primary school chair H 38 cm h364_85

Primary school chair (seat height 38 cm). Steel structure, ergonomic beech seat. Stackable up to 10 pieces. Complies with UNI EN 1729.

The **primary school chair h364_85** is a school seat designed to guarantee prolonged comfort and correct postural hygiene for pupils during lesson hours. Intended for public and private institutes, training bodies and Public Administration suppliers, this chair solves classroom furnishing needs by combining structural strength and maximum space optimization, thanks to the architecture designed for vertical stacking. The anatomical shape of the wood prevents fatigue of the spinal column, while the heat-treated steel frame ensures stability and longevity even in school contexts subject to intensive and continuous use.

Technical features

- **Type:** School chair for primary school (model h364_85)
- **Overall dimensions:** 36 x 35 x 73.5 h cm
- **Seat height:** 38 cm
- **Supporting structure:** Steel tubular (diameter 22 mm, thickness 1.5 mm)
