

Primary school desk with grid undershelf h848_43

Primary school desk h848_43 (70x50x64h cm) size 4. Melamine top 20 mm thick, grid undershelf, footrest and tubular Ø 28 mm.

The **Primary school desk with grid undershelf h848_43** is a single-seater rectangular table designed for setting up individual study stations in educational and school environments. This furniture responds to the operational need to organize the workspace and maintain order in the classroom, while offering correct postural support thanks to the integration of the footrest and the presence of the lower storage compartment. Aimed at primary schools, educational institutions and training centers, the desk is identified by school size 4, measures 70 x 50 cm with a height from the ground of 64 cm and has a net weight of 11.35 kg. The supporting structure is made with tubular elements with a diameter of 28 mm, supplied in Light grey and Metallic finishes. The work surface consists of an Ivory-colored melamine panel with a thickness of 20 mm, completed by a grid undershelf and an integrated footrest.
