

Professional cleaning trolley h489_18

Multipurpose trolley in recyclable polypropylene. No. 2 buckets of 15 liters each.

Multipurpose cleaning trolley, ideal for environments requiring the washing and dusting of floors and other surfaces in hospitality facilities, shops, and offices, it adapts to every sector and situation, practical, robust, and easy to clean. The trolley is equipped with doors that **open at 270°** for greater practicality during use. The **key lock** ensures the trolley's maximum safety and hygiene, while also providing an overall tidy appearance. The particularly robust base and the wheels, **Ø125mm Silent Wheel**, provide the trolley with greater agility and silence even with heavy loads or on carpets. A complete trolley ideal for meeting the various needs of specific operational environments.
