

Professional conveyor toaster h2335

Professional three-slice toaster with front exit. Width belt: 37 cm. Hourly production: 950 slices. Dimensions: W.47 x D.41 x H.47 cm. Made in Italy.

Conveyor toaster designed for the automatic toasting of fresh or frozen bread slices, ideal for any type of business where a large quantity of bread is required.

Entirely Made in Italy with high-quality materials; particularly suitable for hotel structures, fast food outlets, sandwich shops, pubs, and bistros.

The structure and the belt are made of **polished stainless steel**, an extremely hygienic and long-lasting material.

The professional toaster features a practical **crumb tray** in stainless steel, dishwasher safe, and **separate power controls** (high and low); with these controls, it is possible to precisely adjust the bread's degree of toasting.

Technical features:
