

Professional dressing trolley h44602

Hospital dressing trolley equipped with two shelves and an ABS work surface. Dimensions: **W800 x D580 x H1628 mm**

The **dressing trolley** is perfect for use in hospitals, surgeries, and clinics.

The **greyish-white** trolley is therefore perfect for allowing hospital medical staff to manage dressing instruments in an organized and practical way.

The trolley features an **ABS plastic work surface** with a raised edge along the four sides of the shelf.

Two support shelves make the product particularly functional together with the **aluminum roller shutter** with **lock** and **handle**.

The trolley's **movement** is carried out via a **push handle** and **four wheels**, two of which have **brakes**, with a **diameter of 125 mm**.
