

Professional food warmer for restaurants h24254

Hotel food warmer made of stainless steel for GN 1/1 65 mm tray. Roll-top lid and gold-plated handle.

The **food warmer** represents an essential item for hotels, restaurants and catering services to keep food hot.

The product allows for flawless presentation of dishes and enables the offering of the dish at the table or buffet, just as it appears in the pot or pan in which it was cooked.

The **chafing dish** operates via **fuel**; in fact, the product features **two practical holders** where the fuel can be inserted.

The product is practical to use thanks to the **roll-top lid** and is designed for a **GN 1/1 tray with a depth of 65 mm**.

The food warmer features an elegant and refined design, as it is made of **polished stainless steel** and is equipped with a practical **gold-plated handle**.
