

Professional tray trolley 60x40 h41893

Stainless steel trolley 15 levels 60x40 cm with safety bar and wheels with brake. Compact and hygienic.

The **professional stainless steel tray trolley** is the ideal solution for handling trays, grids, and Euronorm (EN) containers of **60 x 40 cm**. Designed for intensive use in pastry shops, bakeries, hotels, and large kitchens, this model guarantees an impeccable organization of the workflow. The structure is entirely made of stainless steel, the material of choice for catering thanks to its anti-corrosive properties and ease of sanitization. The trolley is equipped with a **safety bar** that prevents accidental falling of the trays during movements, ensuring the integrity of the preparations even on irregular surfaces.
