

Public furniture bench h42412

Street furniture bench in tropical wood and steel structure. Backrest on the right side of the bench. Dimensions: 522 x 1800 x h972 mm

The street furniture bench represents an important element for the architecture of a city in order to make the available urban spaces livable.

The product is characterized by its structure which features the **backrest** only on the **right** part of the bench.

Its simple yet innovative **design** makes the bench **versatile** for use in various urban contexts.

The product is made with **FSC certified tropical wood** planks from responsible forest management.

The structure is in **steel** with an anti-corrosion coating.

The product is suitable for being **fixed to the ground** thanks to the **4 M8 expansion bolts (included)**.

Item supplied to be assembled and easy to install.
