

Public space bench h287_217

Public space bench in galvanized steel and galvanized flat iron. Available in various colors. Dimensions: L.210 x D.65 x H.84 cm.

Public space bench ideal for stylishly furnishing urban areas, such as parks, municipal gardens, and squares. The **urban furniture bench** consists of two supports with armrests made of galvanized flat iron with a section of 50x8 mm. The seat is made of **round oval galvanized steel tubing with a section of 40x20 mm and a length of 200 cm, equipped with black PE finned end caps**. The product is designed for ground-level installation using perforated plates.

The bench is manufactured in compliance with safety requirements and test methods UNI 11306:2009. The production and painting processes are based on the use of **non-toxic substances**, ensuring at the same time **resistance** to atmospheric agents and wear over time.

Upon customer's request, it is possible to receive the bench in different colors.
