

Public space bench h424_83

Urban furniture bench equipped with recycled plastic slats. Dimensions: W.180 x D.47 x H.45.5 cm.

Bench for furnishing public spaces such as municipal gardens, squares, and parks. Robust, with a modern style, and suitable for outdoor use, thus ensuring **excellent resistance to atmospheric agents**. It is characterized by its **structure made of steel with recycled plastic slats**, which requires no maintenance and is suitable for use in coastal and seaside areas, ensuring adequate protection against salt spray. The base is designed to be anchored to the ground.

Technical features:

- Dimensions: W.180 x D.47 x H.45.5 cm
- Material: steel and recycled plastic
- Without backrest
- Fixing: to be anchored
