# Public space bench h575_123

Urban furniture bench in heat-treated pine and spheroidal cast iron, with backrest and stainless steel fixings. Dimensions 1900 x 737 x 839 mm.

The **urban furniture bench in heat-treated pine and cast iron** is a seat with a backrest designed for installation in outdoor environments, such as parks, public gardens, and paths.

The seat and backrest are made of **heat-treated pine wood planks** with rounded corners, while the load-bearing structure is in **outdoor-painted spheroidal cast iron**. All fixing elements are made of stainless steel.

The combination of the cast iron structure, wooden planks, and backrest offers a comfortable and resistant seating solution, intended for public spaces and outdoor rest areas.
