

Public space bench in Nordic pine wood h287_222

Bench with backrest for urban furniture in steel and Nordic pine wood. Dimensions: W.160 x D.60 x H.82 cm.

Bench for public spaces ideal for furnishing urban locations with style, such as parks, municipal gardens, and squares. The **urban furniture bench** is made using 2 supports in laser-cut shaped steel sheet with a thickness of 60/10. **The seat and the backrest are made of Nordic pine slats**, while the terminal tubular elements are in galvanized steel Ø 40 mm. The product requires installation flush with the ground.

The bench is manufactured in compliance with safety requirements and test methods UNI 11306:2009. The production and painting processes are based on the use of **non-toxic substances**, ensuring at the same time **resistance** to atmospheric agents and wear and tear over time.

Upon customer request, it is possible to purchase the bench in different colors.
