

Single-seater design bike rack h19120

Single-seater petal-shaped design bike rack in micaceous grey steel, 400x610x250 mm. Ideal for modular corolla compositions.

The **single-seater design bike rack h19120** represents a functional and aesthetic urban furniture solution, characterized by an exclusive **petal shape**. Made of solid **calendered steel sheet** and shaped with laser technology, it solves the problem of visual clutter typical of traditional bike racks, offering a secure support for the bicycle with a modern architectural impact. Designed for the **target of urban designers and private space owners**, it can be used as a single element or in multiple configurations, allowing for the creation of corolla-shaped installations for up to 8 bike spaces.
