

Adjustable 5-seater bike rack h33713

Bike rack with brackets for frame anchoring. Removable and adjustable galvanized steel structure, to be bolted. Dimensions: mm 2150x500x720h. Made in Italy

Bike rack for urban furniture designed for parking bikes near schools, offices, gyms and shops.

The **modern design** with curved lines makes this bike rack suitable for any context.

This bike rack features an **adjustable modular structure** with a sliding system on a horizontal tube and consists of wheel holders and brackets that allow the bike frame to be secured with a lock.

To preserve its functionality over time, the structure is made **of cold-galvanized and powder-coated steel**.

The structure is equipped with practical semicircular iron side supports to facilitate anchoring to the ground using bolts.

Technical features:

- Dimensions: mm 2150 x 500 x 720
- Structure: galvanized and painted steel
- Side supports: in bent iron
- Complete with screws
- **Made in Italy**

The h33713 rack is also available on the MEPA portal. Find out how to find our company on the [Public Administration portal](#).
