

Single-seater design bike rack h19119

Single-seater design bike rack in micaceous grey calendered steel, 300x750x250 mm. Modular petal structure for corolla-style compositions.

The **h19119 single-seater design bike rack** represents a functional and aesthetically refined urban furniture solution. Featuring an organic shape reminiscent of a **petal profile**, this structure in calendered and laser-cut steel sheet is designed to meet the needs of **stations, public parks, apartment buildings, and hospitality facilities** that wish to offer organized bike parking without sacrificing style. The product solves the problem of visual and physical clutter associated with traditional bike racks, allowing for both single installation and the creation of **modular multiple compositions**. Thanks to its versatility, it is the ideal support for architects and urban planners who require a resistant element, easy to install via bolting and capable of adapting to modern architectural contexts.
