Vertical bike rack h19118

Vertical bike rack in galvanized steel and micaceous gray painted finish. Available with 4 or 5 spaces with ground fixing. Dimensions min 1560x420x350h mm.

The **vertical bike rack h19118** is a functional solution for urban furniture, designed to optimize bicycle parking in confined spaces. Made with a sturdy **galvanized steel** structure and finished with **micaceous gray** powder coating, it meets the needs of municipalities, schools, and public space managers who need to solve the problem of two-wheeled vehicle disorder while ensuring high resistance to atmospheric agents. Thanks to the arrangement of the wheel-holder elements at **60°** and with a center distance of 30 cm, the product allows for orderly and safe parking, facilitating access even in high-density transit areas.

Technical specifications

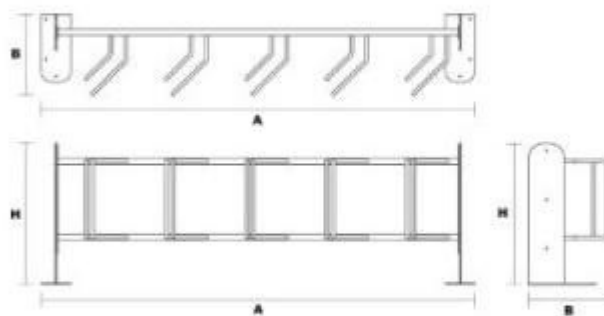

- **4-seater model dimensions:** 1560 x 420 x 700 mm (L x D x h)
- **5-seater model dimensions:** 1860 x 420 x 700 mm (L x D x h)
- **Material:** Galvanized and powder-coated steel
- **Side elements:** Laser-cut steel sheet with semi-circular profile
- **Wheel-holder supports:** 16 mm diameter steel rods
- **Parking inclination:** Elements positioned at 60° with 30 cm intervals
- **Finish:** Micaceous gray
- **Installation:** Prepared for ground anchoring via bolts (not included)
- **Supply status:** Product delivered fully assembled
