Design bicycle rack in sheet steel h19116

Design bicycle rack in micaceous grey sheet steel, available in 3, 4, 5 or 6 spaces. Robust structure h 350 mm for modern urban furniture

The **h19116 design bicycle rack** represents a functional and aesthetically refined solution for organizing bicycle parking in public and private contexts. Made of solid **sheet steel** with a micaceous grey finish, this structure meets the need to provide secure parking for bicycles in high-traffic areas. The project aims to resolve urban disorder and ensure vehicle protection thanks to laser-shaped arches, designed to facilitate the attachment of chains and anti-theft systems. The target audience includes municipal administrations, station managers, public parks, and commercial activities wishing to integrate a sober yet extremely resistant element of urban furniture.

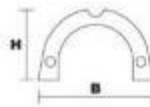

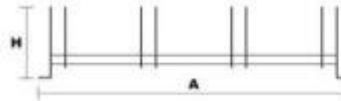

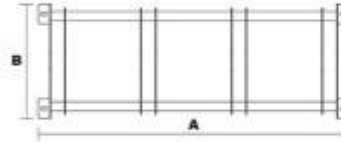

Technical features

- **Material:** High-resistance sheet steel
- **Available configurations:** Versions with 3, 4, 5 or 6 bike spaces
- **Dimensions (3 spaces):** 1270 x 510 x 350 mm (W x D x h)
- **Dimensions (4 spaces):** 1400 x 510 x 350 mm (W x D x h)
- **Dimensions (5 spaces):** 1670 x 510 x 350 mm (W x D x h)
- **Dimensions (6 spaces):** 2070 x 510 x 350 mm (W x D x h)
- **Wheel spacing:** 60 mm for wheel housing
- **Workmanship:** Laser-shaped wheel-holder elements with chain hole
- **Finish:** Micaceous grey protective painting
- **Installation:** Prepared for ground anchoring via perforated feet
- **Supply status:** Product delivered fully assembled
