

Reception desk 1.5 m h526_26

L 150 cm reception desk in melamine wood. Modern design with white reception shelf and customizable structure, ideal for small offices, studios and waiting areas.

The **h526_26 reception desk** is a new concept furnishing solution, designed to optimize reception in small spaces without sacrificing a modern and professional style. Entirely made of **melamine wood** with a thickness of 19 mm, it features a white reception shelf that creates a bright spot and a clean contrast, solving the problem of aesthetic impact at first points of contact with the public. Thanks to its versatile structure, this counter adapts perfectly to the customer's taste and the needs of the surrounding environment, offering an organized and efficient workstation for secretariats, offices and medical studios.
