

Reception desk with welcome shelf h526_25

Modern reception desk W 200 cm in melamine with increased thickness of 38 mm. Two-tone design with customizable welcome shelf for offices and hotels.

The **reception desk h526_25** represents a new concept furnishing solution, designed to define the front-desk area of offices, hotels, and professional studios with elegance and solidity. Entirely made of **melamine wood with an increased thickness of 38 mm**, this furniture piece guarantees superior robustness and a high-impact scenic presence. The structure is characterized by a welcome shelf that allows for striking color combinations, solving the problem of aesthetic customization in corporate environments. Designed to adapt to the customer's taste and the specific requirements of the environment, the reception offers a perfect balance between an operational surface for the operator and a courtesy top for the guest.
