

Rectangular hotel bathroom soap dish h438_289

Rectangular chrome-plated brass soap dish for hotels. Dimensions 4.1x22.8x11.5 cm. Wall-mounted installation with fixing kit included.

This **rectangular soap dish** is specifically designed for the technical furnishing of **hotel bathrooms** and high-level hospitality facilities. Made of **chrome-plated brass**, it guarantees superior resistance to oxidation and daily wear typical of high-frequency environments. The **brilliant finish** gives a professional and clean appearance, integrating perfectly with standard HoReCa sector fittings.

The mounting system provides stable wall installation, solving the stability problem common to suction cup or freestanding supports. Thanks to its rational design, the tray ensures hygienic management of soap bars, facilitating daily cleaning operations by service staff.
